Rules & Guidelines

Property Rules

This tiny home cottage is separate and private from the rest of our property and home. Comes with it's own fenced in area for privacy.

Pictures are taken and logged of the property to document cleanliness and readiness before each new guest.

This is a non-smoking property.

The main property is off limits which includes use of the pool, porch swings, zip line, and trampoline.

Small pets are welcome as long as they are 100% house trained and obedience trained. Be aware that we have two small dogs ourselves and 2 cats. Your pet must be able to ignore them and not cause a disturbance. Your pet is to be in your presence at all times and to never be left alone on the property. Pets are subject to a modest fee for additional cleaning. Additionally, while the cottage has a fence on 3 sides of the property and a creek on the 4th side, the area is not escape proof for protection as they could easily jump over the creek and enter the roadway. Your judgement is required to determine if the area is safe for your pet. Guests will be responsible for any scratches and damages from the pet.

There is a $25 pet fee (dogs only). This covers two (2) pets (dogs) under 35lbs each for the entire stay, this includes any ESA pets. Any more than 2 pets (dogs) changes the fees to $100 per pet (dog), as the house is simply too small for more than 2 pets (dogs). If you have not paid this in your reservation and you are bringing a pet, we would greatly appreciate that you will take care of it prior to your arrival.

We are on a septic tank, so nothing other than bodily wastes and toilet paper can go down the toilet. No feminine products, disposable wipes, paper towels, food scraps, etc. can be flushed down the toilet.

No parties or events, small gatherings permitted.

No changing of locks or door codes.

No removal of any furnishings or appliances.

Usage of utilities are for normal usage amounts.

No illegal substances on the property, or the illegal use of substances.

No eating or drinking on the bed.

Furniture is not to be re-arranged.

Early check in or a late check out may be permitted when possible, a small fee may apply. Failure to check out on time will result in the following fees : $50.00 after 30 minutes, after 90 minutes of the stated check out time the guest is responsible for one day's rent at the current bar rate (this does not purchase or reserve any additional time on the property), as well as responsible for any fees and refunds that are paid to other incoming guests that are affected by the delay in cleaning services, and all fees associated with delayed cleaning services. Additionally, at this point local law enforcement officers will be requested to remove your party and property from the cottage and rental property.

Guest agrees to pay for all damages exceeding any security deposits collected.

Respect the towels and sheets. Where needed, use special towels for makeup removal.

Additional cleaning fees are beyond the standard cleaning fee when needed.

As we are a country/rural location, we are continually working to keep mice/rats off of the property. This means that we regularly place poison blocks in various places, generally under the trailer and decks. While they are listed as pet safe and child safe, we recommend that you keep your pets and small children from these areas and monitor them while in the yard area.

There are bicycles provided for your use, with two helmets as well. It is assumed that if you choose to use them, you possess sufficient riding skills. You accept that the bikes are provided as is and should you find or feel that the bikes are in need of repair or defective, you will cease using them and inform us of the concerns. You accept full responsibility for all damages and injuries from using the bikes.

Have fun!

Respect our neighbors privacy during evening hours by being quiet, courteous, and kind.

Pets

Pet Policy

We love pets! Small, well-trained dogs are welcome at Creekside Cottage. Please review the pet guidelines included in the house rules above, including information on fees, size limits, and supervision requirements.

Note that our own dogs and cats live on the main property, so your pet should be comfortable around other animals. The grass areas are off limits to your pets, as ours are very protective of their territory. Your pet must remain in your presence at all times or stay in a crate if left behind.
