## **Solar Hot Water System**

## **Solar Hot Water System (continued)**

### **?? Solar-Powered Showers in Paradise! ??**

**Welcome to the tropics — where the sunshine powers your hot showers and Mother Nature takes the lead!**  
??

Here in beautiful Puerto Rico, we're proud to use the **power of the sun** to heat your water — it's sustainable, eco-friendly, and part of the island rhythm! But just like dancing salsa, it's all about the timing. ??

---

#### **? How It Works:**

Your water is heated by a **solar panel system** on the roof. On **bright, sunny days**, it cranks out plenty of piping hot water! ???

But on **cloudy or rainy days**, that water might be a bit... let's say "refreshingly tropical." ?????

---

#### **? Pro Tips for Solar Showers:**

##### **? Sunny Day = Spa Vibes**

Expect a great flow of hot water — perfect for those long, steamy showers. ??

##### **?? Overcast = Island Cool-Down**

Water may be warm-ish or even cool, depending on how much sunshine we got that day. Think of it as a refreshing rainforest rinse! ??

##### **? Best Time to Shower?**

Late morning to early evening is your golden window — after the sun's had time to work its magic. ???

---

#### **? Why It Matters:**

Using solar means we're doing our part to **protect Puerto Rico's beautiful environment** and cut down on power usage. ?? It's all part of that laid-back island lifestyle!

---

So relax, go with the flow, and let the sun (mostly) do the heating!

If you're ever caught on a cloudy day — just channel your inner beach bum and embrace the cool vibes. ???????

---

Need anything or have questions? Just message us — we're here to keep things **sunny-side up!** ??

## **Keys**

### ? No Keys, No Worries!

Getting in is easy — you don't have to fumble with keys or worry about losing them. Your getaway starts with just **4 digits!**

#### ? How it works:

?? We use a **digital keypad** for entry.

?? Your code is the **last 4 digits of the phone number** you used when booking.

?? Just press those **4 numbers only** — and you're in!

#### ?? Heads up!

If you press **any extra buttons** after your code, the lock will automatically re-lock.  
(Think of it like a secret clubhouse door ?)

#### ? Need help?

No stress! If you have any issues with the lock, just send us a message and we'll help you ASAP.

Welcome — and enjoy your stay! ??

## **Door Code Not Working**

### ?? Your Digital Door Code: Easy, Breezy, and Just for You!

Welcome to the future — no keys, no hassle, just a sweet little code to get you in! ??

Here's what you need to know:

? **Your 4-digit access code** is set up to work **only during your booking time**.

? That means:

- ? It will work starting **at 3:00 PM** on your check-in day (unless you scored early check-in!)
- ? It **won't work before 3:00 PM**
- ? It **stops working at check-out time**

#### ? Important Pro Tips:

1. **Just enter the 4 digits — that's it!** No need to press "Enter" or "OK" — the door will automatically unlock like magic ?????
2. **Use the phone number** you originally booked with — that's how your code is linked. (If you changed numbers recently, that might be the hiccup!)
3. ?? **Tech is amazing...** until it isn't ?  
If your code isn't working, don't stress! Just **send us a message on the booking platform** and we'll get it reset in a flash ?

We're always here to help get you through the door and into vacation mode! ?????

## **Toilets-Important Information**

### **?? Island Edition-Delicate Plumbing Warning**

#### **?? Island Toilets Are Fragile Friends! ??**

You're on a tropical getaway, not a plumbing repair mission! ?  
Puerto Rico's plumbing isn't built for anything fancy — so please:

? **ONLY flush toilet paper & your natural contributions!** ??  
? **No wipes, paper towels, hygiene products, or mystery items.** ????????

Why? Because island plumbing is like a coconut — tough on the outside, but sensitive inside. ? One wrong flush and things could go *very* wrong.

??? Clogs can cause backups, damage, and even expensive repairs — not exactly vacation vibes.

**Let's keep things flowing and the island glowing! ??**  
Thanks for helping us protect paradise one flush at a time! ??

We're happy to accommodate legitimate service animals that assist with a disability. ?  
To ensure a safe and comfortable stay for all guests (and critters), here's our policy — made easy to follow:

### ? What's Allowed:

- Service animals that are well-behaved, housebroken, and under your control at all times
- Animals that meet **licensing and vaccination** requirements in your home state/city
- Service animals that are **leashed**, harnessed, or under **reliable verbal command**
- Guests who notify us **in advance** that they're bringing a service animal ?

### ? What's Not Allowed:

- Animals with a history of aggression toward people or other pets

### ? Clean-Up Rules:

Please bring your own "poo bags" and dispose of waste in the **large exterior trash bins**.  
Sanitation matters — so please keep things clean and respectful.

### ? Heads up:

It's against the law to misrepresent a pet as a service animal.  
Fraudulent claims = fines and legal trouble ?  
Let's all keep it honest and respectful!

---

Thanks for understanding and helping us keep our space safe, relaxing, and 5-star ready for everyone! ?

## Noise

## **Rubbish & Recycle**

### **?? Trash Talk (the good kind!)**
