

Check-in - Check-out - Property Rules

[Check-in](#)

Arrival and Neighborhood Information

Whispering Woods Dome is located in a rural setting (not a neighborhood). There are neighbors to the property, but given the 100+ acre setting, they are not visible from the dome or the trails. The property is home to 3 separate accommodations but they are also very privately separated from each other within the property. The property is only 15 minutes from Milledgeville or Lake Sinclair. Check out the **map** provided in this app to see some local attractions and activities you may enjoy.

Whispering Woods is located in a secluded, heavily wooded area, just 15 minutes from Lake Sinclair and downtown Milledgeville. It is not in a neighborhood and it can be easy to miss the drive if you are not careful.

Getting to the Property:

- The above address will lead you to the property easily in any mapping app. The drive is marked with just standard house numbers and is a gravel drive. It can be easily missed.
- Gate Code and property access information can be found here:

Check-in

Scan QR code to visit

Look for a “Whispering Woods” sign on the gate after you turn onto the drive.

Follow the gravel drive to the left after you enter the gate, there is a sign to indicate direction and this will bring you a walkway to the dome and parking area.

Accessing the Dome:

- There is a key box on the deck, please be careful with the key – you can place it back in the box when you explore the property. The code to the box is provided as part of your check-in information here -

Check-in

Scan QR code to visit

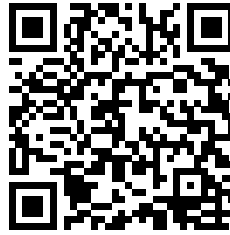

You are free to explore the property as much as you like. There is one marked path currently and others you can follow, but are not marked, so be careful to note your directions as you explore.

A map of the property is available in this app here -

Check-In Time

Check-in time is: **15:00** - if you have reserved an early check in and it is not reflected here please let us know so we can verify it has been added to your reservations.

Our check-in and check-out times are set to ensure a smooth transition between guests, as there may be another booking before or after yours. We'll provide you with an access code prior to your arrival so you can check yourself in with ease.

If you have not secured an Early check-in it may be an option depending on availability. If you're planning to arrive before the standard check-in time, please click on the link below to request an early check-in, and we'll see if we can make arrangements -though we can't guarantee it - you will not be charged if we cannot accommodate the request.

{{upsell_products_197}}

Should you get here ahead of schedule, be sure to check out our **MAP** below, where we've put together a list of nearby places to visit and things to do while you wait.

Check-Out

Check-Out Time and checklist

Check out time is **11:00**. If you have arranged for a late check out and it is not indicated here please let us know.

If you are interested in adding a late check-out to your stay, please use the link below and we will try to accommodate your request, if we cannot accommodate, we will not charge you for the request.

[Wifi Troubleshooting](#)

Troubleshooting

In most cases a reboot or reboot of the router (located next to the bed on the half wall) will fix any issues. If this does not work, please reach out and we will help determine what the issue may be.

Dome Equipment

[Appliances and Other Stuff](#)

Mini split

The mini-split is one of the best features of the dome on hot summer days and cold winter nights. When you arrive it should be set to 72F, and this keeps the dome pretty comfortable. There is a remote control on the wall between the kitchenette and the sleeping area, please be sure to return it to this location when not in use.

To help with circulation within the dome, we have provided 2 circulating fans that you can feel free to use as you feel the need. We find that placing them near the bed and blowing air toward the glass at the front of the dome or directly toward the bed are the best.

Please set the mini-split to 78F in the summer and 68F in the winter before you checkout. Please be sure the remote is back on the wall and the fans are turned to low or off.

In-sink dishwasher

Instructions for the in sink dishwasher can be found at this link -

In Sink Dishwasher instructions

Scan QR code to visit

Smores cooker

In the welcome package you should have a small smores kit for 2 and there is an electric smores cooker either on the table or under the counter in the kitchenette. Please feel free to use this inside our out, but please clean off the grill top before you return it to its proper location. There should be at least 2 smores skewers in the dome. Please use these and if they are not there, let us know.

If you are interested in getting a custom set of smores kits or firewood for your stay, please use the links below. We do need 24-48hrs notice to make this magic happen.

Lights

There is a small LED light cube located on top of the main wall behind the bed, the remote control is located on the wall between the kitchenette and the sleeping area. If it is not working, please check the plug on the top shelf above the refrigerator (if you can reach it) to be sure it is plugged in. If that does not work please reach out and let us know.

The main lights in the dome are a set of rope lights in the ring and they are controlled by the main switch inside the door of the dome.

There are under cabinet lights in the kitchen area and the switch/button controls for them are located next to the countertop on the dome wall (next to the coffee cart).

There are a couple of small electric candles in the dome and there should be extra batteries in the bottom drawer in the kitchenette. If not, please let us know.

[Available Entertainment](#)

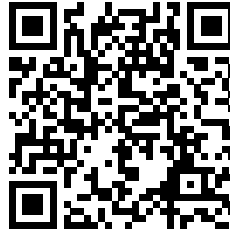

Trails and Exploring

Trails and Exploring (continued)

- Feel free to explore the property, there are over 100 acres to check out. In order to preserve the natural beauty of the property, we have a limited number of pre-cut trails. The main one is to the "big rock" and creek/stream area and it is marked by a set of red directional arrows. It can be accessed by continuing down the driveway past the dome and through the old rock column entry where the drive turns left, then straight ahead you should see the trail.
- A map of the property can be found here -

Map of property sites and trails

Scan QR code to visit

Please do not go past any property markers which are located periodically along the exterior edge of the property. They are indicated by white bands painted on the tree trunks. These may not be present in all areas. If you stay on or close to the dome side of the stream/creek you should remain on the property.

There is a second dome (under construction) and a private home (not regularly occupied) located on the property. We have posted private property signs around the entry to the private residence and we ask that you respect these. This is a limited area of the property.

There are 2 entrances to the property, the one that you came through at your arrival and a second shown on the property map, this is where the second dome is located and there are a few paths you can follow in that area as well. They are not currently marked. We are working on cutting new trails and marking the existing trails as we can but feel free to explore.

Outdoor items

Outdoor pop-up tub

- There is a small outdoor pop up tub in the storage bin on the deck. Please feel free to enjoy it on the deck or in the outdoor spaces, **please do not use this inside the dome.**
- There is a hose and sprayer in the bin as well and an outdoor faucet on the side of the dome with the AC unit and electrical panels. Please use this to fill the tub and return it after use. **Not available in winter months.**

Outdoor games

- There is a collapsable corn hole and lawn darts games located in the storage bin on the corner of the deck. Please return them in to the bin in the same condition and repackaged correctly so no parts are lost for future guests.
- If you do find that parts have been lost or damaged please let us know immediately so we can repair or replace them.

Gas Chimenea

- The gas chimenea will be provided with a tank during winter months only.

Small Charcoal Grill

- There is a small table top charcoal grill located in the storage bin - we try to have charcoal and a lighter, but cannot guarantee availability depending on prior guests use. If you are interested in adding a larger charcoal or "blackstone" gas grill to your stay please let us know.

Fire pit

- There is a small firepit located at the gravel area at the end of the dome walkway. If you are interested in having firewood ready when you arrive please let us know or use the links below to request them for your stay.

General Rules

- Please only use outside items outside the dome (pop up tub, table top charcoal grill, small acorn fountain, outdoor seating, etc).
- Please return all items to where you found them and let us know if anything was lost or damaged while you were enjoying them so we can replace them for future guests.

{{upsell_products_85}}, {{upsell_products_267}},

Indoor Games

Indoor games are located next to the bed in a small basket on the floor under the nightstand. If you notice any pieces missing or damaged please let us know so we can replace them.

Items you can add to your stay (fees and minimum notice apply)

Items you can add to your stay (fees and minimum notice apply) (continued)

Make your stay even more memorable with this added items - typically we need 24-48hrs to accomodate and may be subject to availability - you will not be charged if the request cannot be fullfilled.
