Early check-in may be an option depending on availability. If you're planning to arrive before the standard check-in time, please reach out to us, and we'll see if we can make arrangements—though we can't guarantee it.

Should you get here ahead of schedule, be sure to check out our **MAP** below, where we've put together a list of nearby places to visit and things to do while you wait.

Check-Out Time

Check-Out Time (continued)

Our checkout time is **11:00** - If you need a later time please reach out as soon as possible as last minute requests may not be accommodated due to cleaning schedules. If we have a guest arriving on your checkout day we also may not be able to accommodate a late checkout request.

In order to help with a smooth checkout we would be grateful if you could do the following:

- 1) Please place any dirty dishes you may have used during your stay in the dishwasher, insert a tablet and start it. Feel free to leave behind any spices, condiments, etc you may have purchased for a future guest if you'd like.
- 2) Please put any towels you used in the bathroom.
- 3) Please do NOT make any beds that were used - if the pullout was used you can leave it pulled out or leave the sheets on the living room floor.
- 4) Please empty all trash and perishable food items into the trash can in the kitchen.

We hope you have enjoyed your stay with us! If there is an area we could improve, please let us know by sending us a message. We are constantly upgrading and improving our properties based on guest feedback.

[Hot Water](#)

Hot Water

The property is equipped with a tankless hot water tank that will provide continuous hot water for your comfort and convenience. When it runs you may hear a slight clicking sound coming from the unit (located in the bathroom) - this is completely normal and expected.

[Pullout Couch](#)

Pullout Couch

The property has a pullout couch with queen-sized mattress in the living room. The sheets and extra pillows for the pullout are located in the ottoman out in front of the couch.

If you use the pullout please leave the pullout out of leave the sheets on the living room floor so our cleaning team knows the pullout was used.

[Thermostat](#)

Minisplits

The house is equipped with 3 mini-split units that are independently controlled as well as 2 in-wall space heaters to keep the house comfortable during your stay. Each mini-split has a small Flair "puck" thermostat on the wall in the room (living room and each bedroom).

To change the temperature on the mini-split you can turn the band around the "puck" clockwise to increase the temperature or counter clockwise to decrease it. You can change the mode by pressing the bottom of the puck and using the menu to change the mode. **Please note that all 3 units must be in the same mode to work properly.**

In the winter, the in-wall space heaters in the living room and bathroom can be used as supplemental heat to keep those rooms comfortable. They are controlled using the controls right on the front of the heaters.

We can remotely access all pucks and both space heaters to set the temperature - if you are having any trouble with them please reach out so we can help you.
