The Neighbourhood

Our home is tucked away in a quiet, peaceful country setting — the perfect place to relax and enjoy nature. You'll often hear birdsong, see wide open skies, and may even spot deer passing through the property. A hummingbird also visits regularly — keep an eye out near the flowers!

We're just a 10-minute drive to downtown, where you'll find restaurants, shops, and parks — giving you the best of both worlds: calm countryside and easy access to town.

We do have one neighbor at the front of our shared driveway. She occasionally walks her dog and is very friendly — feel free to say hello if you see her passing by.

To help maintain the peaceful environment, we kindly ask that guests observe quiet hours and keep outdoor noise to a minimum in the evenings.

Dishwasher

If there are dishes in the dishwasher, they should be clean. Our cleaning staff checks that the previous guests have started the dishwasher and if it was missed they will start it, but the load may not finish in time for your stay. If you notice anything wrong about this process, please reach out so that we are aware of the issue. Thank you.

Pool & Hot Tub Quick Guide

???? Pool & Hot Tub Guide

We hope you enjoy the pool and hot tub! To keep things safe, fun, and relaxing for everyone, please take a moment to review the following:

? Pool Details

- Depth: 3 ft (shallow end) to 8 ft (deep end)
- No Diving — shallow areas can be dangerous

? Hours

- Open daily: 8:00 AM – 11:00 PM

?? Weather Policy We reserve the right to close the private pool on days when conditions are not suitable for swimming. This includes:

- **Temperatures below 50°F** — even a heated pool struggles to maintain safe and comfortable water temperatures when outside air is too cold. Running the system in these conditions can also put unnecessary strain on the pool equipment, making it harder to keep everything in top shape for your stay and for guests who follow.
- **Storms or severe weather in the area** — your safety always comes first and we will never compromise that.

We monitor conditions closely and will communicate any closures as early as possible. On those days, the indoor hot tub in the 3-season room is always a wonderful alternative — and Wisconsin weather has a way of turning beautiful again before you know it! ??

? Supervision & Safety

- No lifeguard on duty — swim at your own risk
- Children must be supervised at all times

? Pool Cover

- Code: 1234, then press the arrow button
- Hold the button until the cover is fully opened or closed
- Keypad is located to the left of the pool heater
- Always cover the pool and hot tub when not in use — this helps keep them heated, clean, and the chemicals working properly

?? Hot Tub Guidelines

- A floating chlorine dispenser helps keep the water clean — please leave it in the hot tub at all times
- The hot tub should stay running continuously, but feel free to turn the jets on during use and switch them off afterward
- If you see an **OH5 error**, the hot tub has temporarily overheated — this can happen if it's been sitting unused. Simply leave the cover partially open and check back in about 20 minutes. It should reset on its own!
- Please don't adjust the temperature or other settings. If you have any concerns, just reach out — we're always happy to help!

? Please Do:

- Dry off before going indoors

Additional Notes

A NOTE ON AGE & ALCOHOL POLICIES ?

We want Papas Pool House to be a fun, safe, and welcoming space for every family. To ensure that, please note the following:

? The primary guest booking and staying must be 21 years of age or older. No exceptions.

? We love hosting families! Guests under 21 are welcome when accompanied by a parent or guardian of legal drinking age — just as Wisconsin law intends.

? Alcohol & minors — Wisconsin law is clear: no adult may knowingly permit or fail to prevent the illegal consumption of alcohol by an underage person on property they occupy or control. As the booking guest, that responsibility falls on you.

We share these guidelines not to put a damper on the fun, but because we genuinely care about every guest who walks through our door. Our hope is that Papas Pool House becomes a place your family returns to year after year, filled with laughter, great memories, and maybe a few legendary cookouts. Enjoy every moment — you've earned this getaway!

- No smoking or vaping indoors at any time.
- If smoking outside, please dispose of cigarette butts properly.
- Please report any spills, damages, or maintenance issues right away so we can make it right.
- No pets are allowed on the property.
- We appreciate your understanding as we maintain an allergy-friendly and damage-free space for all guests.

Garbage

?? Garbage & Trash

To help keep the home clean and comfortable:

- Extra garbage liners can be found:
 - Under the kitchen sink (for kitchen trash)
 - In the bathroom cabinets (for bathroom bins)
- Please place all garbage in the dumpster at the end of the driveway before you leave.
- If needed, there's a wheeled trash bin near the garage you're welcome to use to make the trip easier.

?? **Note:** Our cleaner may not arrive immediately after your departure. To help prevent odors or pests, it's important that all trash is removed from the house when you check out.

Thanks so much for your help keeping the space fresh for everyone! Let us know if you need anything.
